PROJECTS AND LEADERSHIP

Zen - AI-powered Study Hub Application	September 2025 - December 2025
<i>Frontend Developer</i>	
• Developed the web interface and full web application using Next.js and Tailwind CSS, creating responsive, high-performance UI.	
AWS Cloud Club - PUP	July 2023 - July 2025
<i>Creatives Director</i>	
• Directed end-to-end creative initiatives, developing cohesive branding and promotional campaigns.	
*Pinned	May 2025 - June 2025
• Designed and developed responsive web interfaces and cohesive visual branding systems using Figma, PHP, and Adobe Creative Suite to enhance user experience and brand consistency.	
Overdose	November 2024 - February 2025
• Designed UI/UX for a Unity-based pharmacy simulation game, creating intuitive interfaces with Figma and Adobe Creative Suite.	

WORK EXPERIENCE

Make Technology, Inc.	August 2025 - December 2025
<i>Developer Intern</i>	
• Developed and maintained full-stack Next.js web applications, integrating Strapi CMS solutions and ensuring seamless functionality across frontend and backend systems.	
Designblue Philippines, Inc.	July 2025 - August 2025
<i>Quality Assurance and Design Intern</i>	
• Conducted manual testing of CMS and front-end websites, ensuring accurate data reflection from client master sheets.	
• Assisted in creative tasks, including designing a motion graphic ad and supporting the layout of a client's annual report.	
Kakacomputer Podcast	October 2024 - March 2025
<i>Graphic and Brand Designer</i>	
• Created podcast branding, video assets, and social media identity using Adobe Creative Suite, aligned with the client's vision.
